

ULTRACOMFORT® ASEPSIS 21®

The UltraComfort®-Asepsis 21® Operator offers luxurious patient seating, exceptional dental lighting and reliable instrument delivery. The elemental design of the doctor's delivery system allows for ease of use while the seating system delivers unparalleled patient comfort to create superior value.

The Midmark UltraComfort® Dental Chair is the ultimate in patient comfort. With its fully contoured back and unique lumbar support design, the UltraComfort® chair will keep patients supported and comfortable through even the lengthiest of procedures.

- Patented chair-back design features a cast aluminum back with integrated armrests
- Integrated armrests cradle the key patient support areas of the elbows and inner shoulders, delivering a comfortable, secure patient
- Armrests are automatically positioned for unencumbered patient entry and exit
- Multiple chair controls are standard, featuring four programmable presets to make placement of chair and patient in your preferred position effortless
- Available in your choice of seamless Silhouette, plush Ultraleather and a limited seams version of Ultraleather upholstery.

The Asepsis 21® Delivery Unit delivers quality and reliability in a sleek, compact, value-priced package. The heart of this delivery unit is the patented Midmark Kink Valve, delivering performance and reliability, backed by a limited 10 year warranty.

- Surfaces are smooth and easy to clean
- Three automatic Kink Valve handpiece positions are standard
- Individual water volume adjustment and individual air pressure adjustment
- Self contained water system with city water/bottle selector switch
- Stylish, contoured junction box
- Programmable touchpad chair control
